BYUSA Officer Handbook 2025

BYUSA OFFICER HANDBOOK 2025

Dear BYUSA Officer Applicant,

This handbook outlines the process for qualifying and applying for a BYUSA Officer position; accordingly, please read it in depth.

Applying for a position as a BYUSA officer demonstrates a desire to diligently and selflessly serve your fellow BYU students. Regardless of the outcome, we anticipate that this process will present you with an opportunity for personal growth and development. On our part, we will strive to make the experience as enjoyable and fulfilling as possible for all applicants.

The selection of **BYUSA Area Vice Presidents** begins in early March, following the BYUSA Elections. That interview and selection process is conducted by the newly elected President and EVP, in conjunction with the SCL Directors and Coordinators.

The selection of **BYUSA Area Directors** begins in early Winter Semester. The interview and selection process is conducted by the current Area Vice President, fulfilling their role in preparing leaders for the future, in conjunction with the Area Coordinator. In the event that a Director position is still open, or becomes open by a selected Director being selected as a Vice President, the newly selected Vice President will join the selection process for the remaining Director positions.

The application remains open until filled, but for those interested in the Vice President position, all applications must be in by March 3, 2025 at 8am, when the newly elected President and EVP will begin their review process. No late applications will be accepted.

This document has been approved for use in the 2025 BYUSA Officer application process but is subject to change.

Best wishes,

The Student Connection and Leadership Center Team

A few notes on this process:

- If you are selected as a Director but have indicated interest in a VP position you will still be interviewed and considered for the VP position as well.
- If you are only interested in a VP position there is no negative or penalty of any kind for not also indicating interest in a Director position.

Why does this process begin so early?

- 1) To allow students to better compare the BYUSA leadership opportunity to other options they consider for their summer and following school year
- 2) To emphasize the role of the current presidency in building future leadership
- 3) To adjust the recruitment timeline for BYUSA leaders to allow students to be in place and prepared for the required May intensive training schedule
- 4) To improve the flow of program planning across BYUSA years, allowing for more consistent and timely program planning
